15. Multidisciplinary / interdisciplinary

A multidisciplinary curriculum means studying the same topic from the viewpoint of more than one discipline. It is also called cross-disciplinary which indicates the aim to cross boundaries between disciplines.

Multidisciplinary approach is a method of curriculum integration that highlights the diverse perspectives that different disciplines can bring to illustrate a theme, subject or issue. In a multidisciplinary curriculum, multiple disciplines are used to study the same topic.

A multidisciplinary approach in education is a way of learning which gives a major focus on diverse perspectives and different disciplines of learning to illustrate a theme, concept, or any issue. It is the one in which the same concept is learned through multiple viewpoints of more than one discipline. It helps the students to gain perspectives and knowledge in different ways.

- Offers student, the flexibility of choosing subjects
- Helps students to pursue their passions along with mainstream education
- Helps to develop pragmatic attitude
- Helps to develop collaborative teacher-student relationship

Being an affiliated college, course structure and the contents (Course curriculum) are designed by the Hemchand yadav university Durg which is yet to implement the Multidisciplinary/interdisciplinary approach fully.

16.Academic bank of credits (ABC):

Academic Bank of Credits has been established on the lines of the National Academic Depository (NAD), in the sense, NAD is the backbone of ABC, where the students' academic data are held and academic awards are stored (i.e. storehouse of academic awards). Despite the fact that ABC enables students to register or commence credit transfer, the final outcomes of credit redemption and issuance of certificates, as well as the compilation of award records, are administered by academic institutions via the NAD Platform.

The institutional preparedness in implementation of Academic Bank of Credits solely depends upon the guidelines of the affiliated University and Higher Education Department, Govt. of Chhattisgarh

17.Skill development:

Education is more important but skill is most important. It is true that current generation needs to be skilled in order to get employment. It is very much important to get skills and only then a country can think about its bright future. India has a demographic advantage of the largest youth population in the world. Integrating skills within the higher education holds the key to reaping the demographic dividend. skill based courses should be made part of regular courses so as to increase employability. If skill based courses are made part of regular courses it will increase employment opportunities. A student can start his own industry or business after aquireing certain sills and provide services to society and it will enhance his economic life. Improving the skill development of students in higher education would contribute substantially to placing higher education as the foremost pillar on which our society is built. However, the students going through higher education become the citizens who determine the nature of our society. Thus, higher education has a crucial opportunity to affect the future of our society through substantially improving the skill development of our citizens.

In our institution various workshops and seminars are done in order to develop skills among students which will be beneficial to them in their employment.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

The primany mode of communication is english and Hindi faculty members and technical assistants are also imparting the knowledge

and clearing doubts by communicating in regional languages like Chhattisgarhi and Hindi predominated by the students of those communities in local village area. Institute has provision of various committee activities which contribute to sensitizing students to cross-cutting issues like Gender, Environmental Sustainability, Human Values and Professional Ethics for development of creative and divergent competencies. Subjects like Indian Constitution, Ethics & Value system of Indian culture, Environment Eco-system, etc. are offered in order to inculcate sense of national integration, culture and civic sense among the student community.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

The objectives set out in the NEP 2020 on OBE are Competency, standard, benchmarks, and attainment of targets. In addition to this, the OBE incorporates three elements, (i) Theory of Education, (ii) Systematic Structure of Education, and (iii) specific approach to instructional practice. Efforts have been taken by the faculty members in the Institute to fulfil the objectives and achieve the target as per the structural curriculum provided by the Hemchand yadav university Durg. Variety of approaches in teaching Learning process like lectures, seminars, tutorials/workshop/practical and project based learning field work, are being adopted by the institute. The Course Outcomes(COs) are also aligned to the Program Outcome / Program Specific Outcome / Program Education Objective (PO-PSO-PEO) philosophy and outcome evaluation conducted course wise as well as at the program level.

20.Distance education/online education:

During the Covid pandemic, online classes were conducted very effectively by all the faculty members in all programs, helping the students to study e-contents for all subjects in all semesters. Both faculties and students have experienced the online teaching and evaluation process through different software. Institute is also providing all type of e-content materials to all students through online mode through N-list and E-library to meet the future challenges.

Our insitute is functioning as an education centre for pandit sunderlal open university Bilaspur.

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The college executes its curriculum under the prescribed format provided by the Hemchand Yadav University Durg. The responsibilities are decentralized through various committees. IQAC is responsible for making curriculum plans & academic calendar every year. At the beginning of the academic session each of the departments prepares its yearly academic calendar, departmental meeting, time table, attendance record, teaching plan and result analysis etc, which is monitor by the principal and I.Q.A.C. To make the lectures interesting, teachers use ICT tools, organize seminars, workshops, conferences, group discussions, field visits, guest lectures, Quiz Competition, Unit test, internal assessment, feedback methods like tutorials, tests, special class, etc. The college also provides free internet and Wi-Fi connectivity to the students. The college has a rich library with about 37830 books, 08 Magazines and subscription to 08 journals, with e-resources through its subscription to the N-LIST of the INFLIBNET. Remedial coaching is conducted for the slow and advance learners. Most of our regular faculty members are Ph.D. degree awarded in their subjects. Our guest teachers are also well qualified who have been selected to teach here as per the UGC norms.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

The teachers of departments adopt student-centric learning methodologies by focusing on application based experiments as per the course set by the Hemchand Yadav Durg University.

Experiential Learning:

The department of English, Hindi shares the experience of its novels, dramas and poetry through the screening of adapted movies. The department of Economics has a good rapport with the local self-help group and budding women entrepreneurs for understanding actual money and finance business. The dept. of Commerce is well ahead in the field of projects and industrial visits. Our college laboratories are fully equipped in some subjects to provide practical knowledge to the students. Along with all the science laboratories we also have an English language lab to enhance the listening and speaking skills of the students.

Participative Learning:

To increase the levels of participation in learning, Students participate in the conferences/workshops/webinars. All councils and associations organize events such as quiz, poster presentation, rangoli, training program of Hand Craft, entrepreneurship awareness training, women self-defense, and power point presentation competitions to enhance students' learning. The college also invites

experts from various specialized fields of knowledge to fulfill the educational needs of the students.

Problem Solving Methodology:

While teaching in the class, the students participate in the learning process and experience those things in their practical, field work, study tours, industry visits. Through NCC/NSS/YRC/Nature Club/Cultural Club/Women Cell, the students are supposed to have experiential and participative learning.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

ICT (Information and communication technology) deals with the application of different electronic media in the collection, storage, and rapid access to information to users. As the present age is the age of technology, whereby technology plays a key role in the education system, there are endless possibilities with the integration of ICT in the education system. ICT helps tremendously developing in quality education and personality of students. So, there can be a strong move towards ICT by motivating all individuals connected with education. Once the teacher uses innovative ways to arouse interest and enthusiasm in the class, then it helps the slow learners to optimize their abilities, to meet the highest realistic expectation with the help of ICT. Our College has also installed 8 smart board which are also used by our faculties to make students learn in a practical manner.

ICT helps - flexible education, learner autonomy, access and success to all. It makes the learning process more practical and easy. It reduces the problems of the student indiscipline and unrest. It is a more planned and organized system of education. ICT can enhance the quality of education in several ways: by increasing learner motivation and engagement, by facilitating the acquisition of basic skills like -

Audio tools – like WhatsApp, Google Meet, Teachmint, etc are used by faculties of this institution. The tools depend mainly upon the

students' access to different network availability.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

All the internal examinations are conducted adhering to the norms and regulations of HemchandYadav University,Durg. At the University level the students need to apply to the University for the correction in the marks, re-totaling and re-evaluation. The process is governed as per university ordinances. For errors like the marksheet indicating that the student was absent, the college promptly sends the duly certified attendance sheet to assist in locating marks in exam section and correcting discrepancies. Internal Assessment marks are duly uploaded in the university portal as per the schedule. All the discrepancies regarding examination, faced by the collegeis immediately brought to the notice of the Controller of Examination and corrections, if any, are done only after getting instructions from the University. Common grievances of the students before the examination like late application form filing, non-receipt of admit card or wrong entries etc. are communicated to the University/college Examination Section and resolved at the earliest. The College Exam Cell helps the student for filing the application form. During internal Examinations, if any student finds discrepancy in questions e.g. given answer options are not correct, data given in question is insufficient or options are repeated, out-of syllabus questions, students may report it to the teacher. Committee at the college takes cognizance and resolves the grievance ASAP.

5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms)

In the every academic session our college constitutes student council. The members of the student council actively participate in co-curricular and extra curricular activities of college under the

guidance of professor in-charge.

The composition of student council is as follows:-

1. Cultural society
2. Social work society (Red Cross, NSS, NCC)
3. Science club
4. Physical activities
5. Gender issue society
6. Knowledge society
7. Current affairs
8. Computer literacy society
9. Book reading society
10. Dramatics society
11. Fine Arts Society

Departmental societies actively coordinate all the cultural activities and important functions of

College during the session organized by college. N.S.S. activities are coordinated with large participation by students and under the guidance N.S.S. in-charge every year.

The N.S.S., Red Cross and N.C.C. joined students actively participate in different camps.

The annual magazine - 'Pakhi' is published every year with the help of an editorial team comprising of student members and faculty advisors.

The Language Lab is set up for the improvement of student communication skills. In this lab, students organizes activities like debate, group discussions, book reading etc. Every year a student association is formed in every PG department which plays a vital role in departmental activities. The Physical Committee shows leadership in organizing various college and inter-collegiate sports

activities. It coordinates and promotes participation of students in college, inter-college sports festivals. Teacher-Student Coordination Committee has been constituted at the college level by involving the students along with the academic and non-teaching staff of the college.

5.4 - Alumni Engagement

5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

The Alumni association of our college was officially formed in the year 2015 .They keep complete track of alumni with their details, inform them about the current changes and achievements of the institute. Alumni association meetings take place regularly. During the interaction our alumni have guided the students about the career opportunities in different fields. They have also shared their personal experiences with students. Alumni visit the college at

regular intervals to support the students in planning and organizing events. Alumni who are entrepreneurs have been providing inputs on how to start a new venture and turning them into job providers. They also extend financial support for many developmental activities of the Institution. They also donate their valuable time to offer career support to current students. Our alumni also provide gold medals to the toppers of the college. The alumni network of a college is one of the biggest sources of placement opportunities to the students. An effective alumni network assures the alumni as a significant stakeholder by making them actively participate in the institution's developmental activities. A strong alumni network by itself can be the best source available for building relationships, both business and personal. However, with the presence of many alumni groups on various social networking platforms, the attention and time spent by the alumni on each of them gets diversified. It therefore becomes important to bring them under one umbrella as it lets the alumni, students and college to collaborate and communicate on a single platform.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

The decentralization system is administrated in the institution. The major decisions are taken by the management, and policies are framed accordingly for the smooth functioning. In every academic session, 55 committees are formed and meetings are held under the chairmanship of the Principal. The primary authority is delegated to the convener of the committee . Every department prepares the requisites and the same is reflected in the budget of the department. The significant changes are made through IQAC and through JBS meetings in order to have an enhanced quality.

NSS Committee: The regular activities are done under the banner of

NSS. At present, there are two units of NSS, The Boys unit contains 100 and the girl unit contains 100 students.

2. Examination Committee-Our College is a center of annual and semester examination for both regular and private students. The college runs internal examination two times in a session quarterly and half yearly examination. The college organizes all examinations carefully by co-operative methods with no malpractices in exams. There are three shifts in annual examinations. It is to be noted that the invigilators come from other schools, and local JBS committee.

3. Student Union -In this union there is a body of four members called 'Parishad' which is made up of President, Secretary, wise president and joint-secretary. Also another assistant body is made up of nominated/elected member of class representatives called 'Karykari Parishad'. The Principal is the Patron and a senior teacher is in-charge of this Union.

6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

There are two types of performance based evaluation .The first is called PBAS and the second is called annual secret report .The PBAS provides a feedback of the faculty members .All teaching faculty members fill the prescribed format of PBAS for self-appraisal. This system encourages them to make excellent performance in teaching and learning. The appraisal report is based upon the annual performance of the employee on the basis of their academic research and other extracurricular activities .This format is filled by the employee in a given prescribed proforma which includes 4 main parts .

Part A: General instructions

Part B: Academic performance

Part C: Other related information

Part D: Comment on the self-assessment by the higher education department of Chhattisgarh government.

The main part B consists of 4 categories 1 includes teaching learning and evaluation related activities of total 125 marks. Category 2 includes co-curricular, extracurricular and evaluation related activities of total 50 marks. Category 3 includes Research and academic contribution having no boundary of marks. Category 4 includes summary of API to be filled by the teaching faculty. Another type of evaluation is called the Secret Report of the Employee. It is filled by all the teaching and non-teaching employees. It generally has two parts .The first part is filled by the employees. The last part is the evaluation by the principal it is then sent to the higher education department of Chhattisgarh government.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

The IQAC works in close association with college administration, faculty, non-teaching staff and other stakeholders to maintain high quality standards of education in the institution. It came into existence on 17/11/2012. The functioning aim of the IQAC is to develop a system for 3C, i.e., conscious, consistent and catalytic action to improve the academic and administrative performance of the institution. The IQAC committee decided to go for NAAC accreditation first time on 15th November 2015. It was 2.21, i.e., grade B by NAAC. In the second cycle we got B+ GRADE. IQAC plays major role related to quality improvement amongst staff and students. IQAC is involved in the formation and implementation of academic calendar. It is involved in organizing seminars/ workshop/Guest Lecture, in planning study tours, Industrial and field trips, encourage students to participate in various activities related with academics, sports and Cultural.

1. Feedback analysis is received from the students, guardian, teacher, employee and alumni.
2. The suggestions received from these stack-holders are put in-front of the Principal, he decides to follow or not to follow the suggestions received according to its applicability and suitability.
3. Collection, maintenance and analyzed documents are prepared and maintained.

The IQAC collects the academic audit report of each department every year. The aim behind it is to increase and maintain the quality of education. The SWOT analysis is done by the respective HODs of the department .The department evaluation report is put in front of the Principal.

7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

Inclusive practices to facilitate learning - College take extra measures to address the learning abilities of every student and include peer mentoring, group discussions, and cooperative learning situations.

Mentor-mentee meetings - Mentors are allotted to each student to discuss various problems faced by students.

Compassionate approach to teaching Teachers conduct extra classes for slow-learning students and give several opportunities to students to appear for their assessment.

Community Involvement

The NCC provides a platform for character building - inculcating leadership qualities and skill enhancement through structured academic syllabi - and inculcates a spirit of unity and integration through exposure to and interaction with community members and cadets from other battalions

Gender justice: The Women Development Cell at Nehru College spearheads the campaign for gender justice. Programmes on gender sensitivity and equality inform students of the ways in which society can become more inclusive.

Collaborative Learning/Practices

Collaborative learning/practices are a set of teaching and learning strategies promoting student learning

and experiences beyond curriculum. To achieve this purpose, the college has signed MOUs with more than 22 govt. or non-govt. institutions and organized different types of collaborative activities for student's overall development.

Scholarships - The College also administers government Scholarship to SC/ST/OBC students by the Directorate of Education, Govt. of Chhattisgarh.
